

Safety Data Sheet

Section 1 – Identification

Product Identifier: SuperClean Floor Absorbent

Other means of Identification: Absorbent

Name and Address of Responsible Parties:

SuperClean Brands, LLC

1380 Corporate Center Curve, Suite 107

Eagan, MN 55121

Information Telephone #: 1-651-365-7500

24 Hr. Emergency Telephone Number: 1-800-424-9300

Contract Number: CCN644158

Section 2 – Hazards Identification

Product Description: Odorless Proprietary Absorptive Material, Tan Granules

This material is not classified as hazardous under OSHA regulations (29 CFR 1910.1200) (Hazcom 2012).

Hazardous classification: Not Hazardous

Label elements:

Signal Word: N/A

Hazard Statements: N/A

Precautionary Statements: N/A

Hazard Pictogram(s): N/A

Other Hazards not otherwise classified: None

Section 3 – Composition/Information on Ingredients

Chemical Name, Common Name	CAS #	Concentration wt/wt(*)
Proprietary Blend of Organic Absorptive Materials	N/A	100

*** Note: The exact concentrations of the chemical(s) above are being withheld as a trade secret.**

Section 4 – First-Aid Measures**Description of first aid measures:**

Inhalation: If inhaled remove victim to fresh air and keep at rest. Obtain medical attention if you feel unwell.

Skin contact: Wash with plenty of soap and water. Take off contaminated clothing and wash before reuse. If skin irritation occurs get medical advice/attention.

Eye contact: If product gets in eyes flush with water for at least 20 minutes. Remove contact lenses if present and easy to do so. Get medical attention if irritation develops or persists.

Ingestion: Do NOT induce vomiting unless instructed by medical personal. Never give anything by mouth to an unconscious person. Get medical attention if you feel unwell.

Most important symptoms and effects, both acute and delayed:

No symptoms expected when used per instructions

Indication of any immediate medical attention and special treatment needed:

Treat symptomatically.

Section 5 – Fire-Fighting Measures**Extinguishing media:**

Suitable extinguishing media: Water fog, Carbon dioxide, Dry chemical, Foam.

Unsuitable extinguishing media: Not available.

Special hazards arising from the substance or mixture: None known.

Flammability classification: Not flammable by OSHA/WHMIS criteria.

Hazardous combustion products: Constituents associated with burning/combustion are to be considered toxic, typical to wood smoke.

Section 5 – Fire-Fighting Measures (Continued)

Special protective equipment and precautions for firefighters:

Protective equipment for fire-fighters: Firefighters should wear proper protective equipment (Bunker gear) and self-contained breathing apparatus with full face operated in positive pressure mode.

Section 6 – Accidental Release Measures

Personal precautions, protective equipment and emergency procedures:

No Special Requirements

Methods and materials for containment and clean up:

Vacuum, Sweep, or Shovel. Follow normal clean up procedure for non-hazardous material.

Section 7 – Handling and Storage

Precautions for safe handling:

Adequate ventilation should be supplied, or proper Personal Protective Equipment worn when handling. Be mindful of excessive heat sources in the area of use.

Conditions for safe storage:

Store in cool, dry and well ventilated place. Have appropriate fire extinguishers/sprinkler system in place.

Incompatible materials: Strong Acids, Oxidizing Agents, and Caustics

Section 8 – Exposure Controls/Personal Protection

Exposure limits:

Chemical Name	ACGIH-TLV	OSHA-PEL
Proprietary Blend of Organic Absorptive Materials (PNOC)	10 mg/m ³	15 mg/m ³

Exposure controls:

Ventilation and Engineering Measures: Use in well ventilated area. Apply technical measures to comply with occupational exposure limits if needed.

Respiratory Measures: If airborne concentrations are above the permissible exposure limit, use NIOSH approved respirators.

Section 8 – Exposure Controls/Personal Protection

Skin Protection: Skin protection not required, but long sleeves / cotton gloves are recommended if above nuisance level TLV.

Eye/Face Protection: Goggles or safety glasses with side shields recommended

Other Protective Equipment: Ensure that eyewash stations and a safety shower are close to the workstation(s).

General Hygiene Considerations: Avoid prolonged contact with eyes, skin and clothing. Do not eat or drink when using this product. Wash hands after handling. Remove and wash all contaminated clothing before re-use. Handle in accordance with good industrial hygiene and safety practice.

Section 9 – Physical and Chemical Properties

Appearance: Tan Granules

Odor: Essentially Odorless

Odor threshold: Not available

PH: Not applicable

Melting/Freezing pointing: Not available

Boiling point and boiling range: Not available

Flash point: 350F (Open Cup), 388F (Closed Cup)

Evaporation point (Butyl Acetate=1): Not applicable

Flammability limits (% by vol.): Not available

Minimum Explosive Concentration: 0.045 oz/ft³

Vapor pressure: Not available.

Vapor density: Not available.

Specific Gravity (Kg/m³): 673

Solubility in water: Not available

Partition Coefficient (n-octanol/water): Not available.

Viscosity: Not available.

Volatiles (% by wt) = 0%

Volatile organic compounds: Not available.

Other physical/chemical comments: No addition information.

Section 10 – Stability and Reactivity

Reactivity: Not normally reactive.

Chemical stability: Stable under normal conditions.

Possibility of hazardous reactions: Hazardous polymerization does not occur.

Section 10 – Stability and Reactivity (Continued)

Conditions to avoid: Heat. Contact with incompatible materials.

Incompatible materials: Strong oxidizers, Strong acids.

Hazardous decomposition products: Carbon oxides, Nitric Oxide

Section 11 – Toxicological Information

Information on routes of exposure:

Routes of entry - Inhalation: YES

Routes of entry - Skin & Eye: YES

Routes of entry - Ingestion: YES

Routes of entry - Skin Absorption: YES

Potential Health Effects:

Signs and symptoms of Short term exposure:

Signs and symptoms: Inhalation – May cause respiratory irritation, similar to dust irritation

Signs and symptoms: Ingestion – No symptoms expected

Signs and symptoms: Skin – No symptoms expected

Signs and symptoms: Eyes – May cause eye irritation, similar to dust irritation

Potential Chronic Health Effects: None known.

Mutagenicity: Not hazardous by OSHA/WHMIS criteria.

Carcinogenicity: No components are listed as carcinogens by ACGIH, IARC, OSHA or NTP.

Reproductive effects: Not hazardous by OSHA/WHMIS criteria.

Sensitization to material: This product is not expected to cause skin sensitization

Specific target organ effects: Not Available.

Medical conditions aggravated by overexposure: Pre-existing skin and eye conditions.

Toxicological data: The calculated ATE value for this mixture is well above classification parameters.

Section 12 – Ecological Information

Ecotoxicity: This product itself has not been tested.

Mobility in soil: This product itself has not been tested.

Persistence and degradability: All materials in the formulation are readily biodegradable. This product itself has not been tested.

Bioaccumulation potential: This product itself has not been tested.

Other adverse environmental effects: None Known.

Section 13 – Disposal Information

Handling for disposal: Handle in accordance with good industrial hygiene and safety practice. Refer to protective measures listed in sections 7 and 8.

Methods of disposal: Dispose in accordance with all applicable federal, state, provincial and local regulation. Contact your federal, state, provincial and local authorities for specific rules.

Section 14 – Transportation Information

US 49 CFR/DOT. Ground Transportation

NOT DOT REGULATED

Section 15 – Regulatory Information

US Federal Information:

TSCA: All listed ingredients appear on the Toxic Substances Control Act.

SARA Title III: Sec. 302, Extremely Hazardous Substances, 40 CFR 355:

No extremely hazardous substances are present in this material.

SARA Title III: Sec. 311 and 312, MSDS Requirements, 40 CFR 370 Hazard

Classes: Product is an acute and chronic hazard (immediate)

SARA Title III: Sec. 313, Toxic Chemicals Notification, 40 CFR 372:

No components are present in this material.

State Regulations:

California Proposition 65: This product does not contain a chemical known to the State of California to cause, birth defects or other reproductive harm.

International Information:

Canadian Environmental Protection Act (CEPA) information: All ingredients listed appear on the Domestic Substances List (DSL).

Section 16 – Other Information**Disclaimer**

The information continued herein is based on the manufactures' own study and the work of others, implied, as to the accuracy, completeness or adequacy of the information contained herein, and neither the provider nor the manufacturer (nor the agents, directors, officers, contractors or employees of either) are liable to any party for any damages of any nature, including direct, special or consequential damages arising out of or in connection with the accuracy, completeness, adequacy or furnishing of any information in this SDS, or in any other way related (directly or indirectly) to this SDS. The information provided on this SDS is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guide for the safe handling, use, processing, storage, transportation, disposal and release and is not to be considered as a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other material or in any other process.
